

***LineUp With Math™* Alignment**
2007 Mississippi Mathematics Framework

Content Strand: Measurement

Competency 4. Apply geometric formulas and standard (English and Metric) units of measurement in mathematical and real-life situations.

Objectives/Benchmarks

b. Select and apply appropriate units for measuring length, mass, and volume, and temperature in the standard (English and metric) systems.

d. Use estimation to solve problems in the standard (English and metric) systems.

***LineUp With Math™* Activities**

--Use an interactive simulator plus calculation worksheets to model and resolve air traffic control conflicts.

--Predict and resolve aircraft conflicts and explain results of mathematical calculations and simulations.
